Your booth must be assembled, cleaned and ready for show opening at 12:00 noon on Friday, October 4, 2019. Friday morning move-in must be pre-approved by show management.**
In order to maintain a professional atmosphere at this year's conference, these rules will be strictly enforced by on-site trade show staff.
- MOVE-OUT:** **Move-out will take place on Saturday, October 5th, 2019 between 1:30 p.m. and 5:00 p.m.**
NO DISPLAYS CAN BE DISMANTLED BEFORE THE OFFICIAL CLOSING TIME.
It is dangerous for delegates attending the show and does not appear professional when booths are dismantled ahead of the official closing time. All exhibitors must arrange for the pickup of their exhibit materials immediately following the end of the show. All appropriate paper work and phone calls are the responsibility of the exhibitor.
- The Enercare Centre does not have facilities to store exhibit materials. Dismantling, loading and departure of displays and exhibits must be accomplished immediately following the conclusion of the function. If exhibits have not been removed from the venue by the time agreed upon, Stronco Show Services will have them removed at the expense of the exhibitor and the Enercare Centre will not be responsible for any loss or damage done during the removal.
- Note: Please refer to booth set up and dismantle information for additional details pertaining to set up and tear down of booth**

Booth set up and dismantle information

As the Enercare Centre is a unionized building, exhibitors will need to ensure that the set-up and dismantle of booths align with the Enercare centre's 506 labour guidelines. Please note the following options:

- 1) The companies listed below are approved to work within Enercare Centre's 506 labour guidelines; if a company has been secured for exhibit set up and tear down and appears on the aforementioned list, no action is required. If the company secured is not listed, set up and tear down services will need to be secured through one of the suppliers listed below. The show services company secured for this year's event is Stronco Designs Inc. and they can be contacted to arrange set-up and dismantle services for your exhibit space ([click here for more information](#)).
- 2) If the company secured for set up and tear down services is not listed below, they can still be involved with the design and move-in/move-out of the exhibit space. A staff member of the company hired to design the rendering of the booth can act as the supervisor onsite who will provide direction and support to staff actually performing the set up and tear down (who would need to be secured through a Local 506 affiliated company; as per list below).
